Microsoft Project Server

For Team Members Our Project management software enables Project Team Members to manage tasks, collaborate, submit time sheets, and flag issues and risks.

For Project Managers Make project management easy and engaging for Project Managers by enabling them to analyze resources, budgets and timelines. Also, Project managers can easily measure progress and anticipate resource needs with detailed and easily customizable out-of-the box reports.

For Executives and PMO Enable Executives to define business drivers, measure strategic impact of competing ideas, make right funding decisions and view project and resource status across the enterprise.
